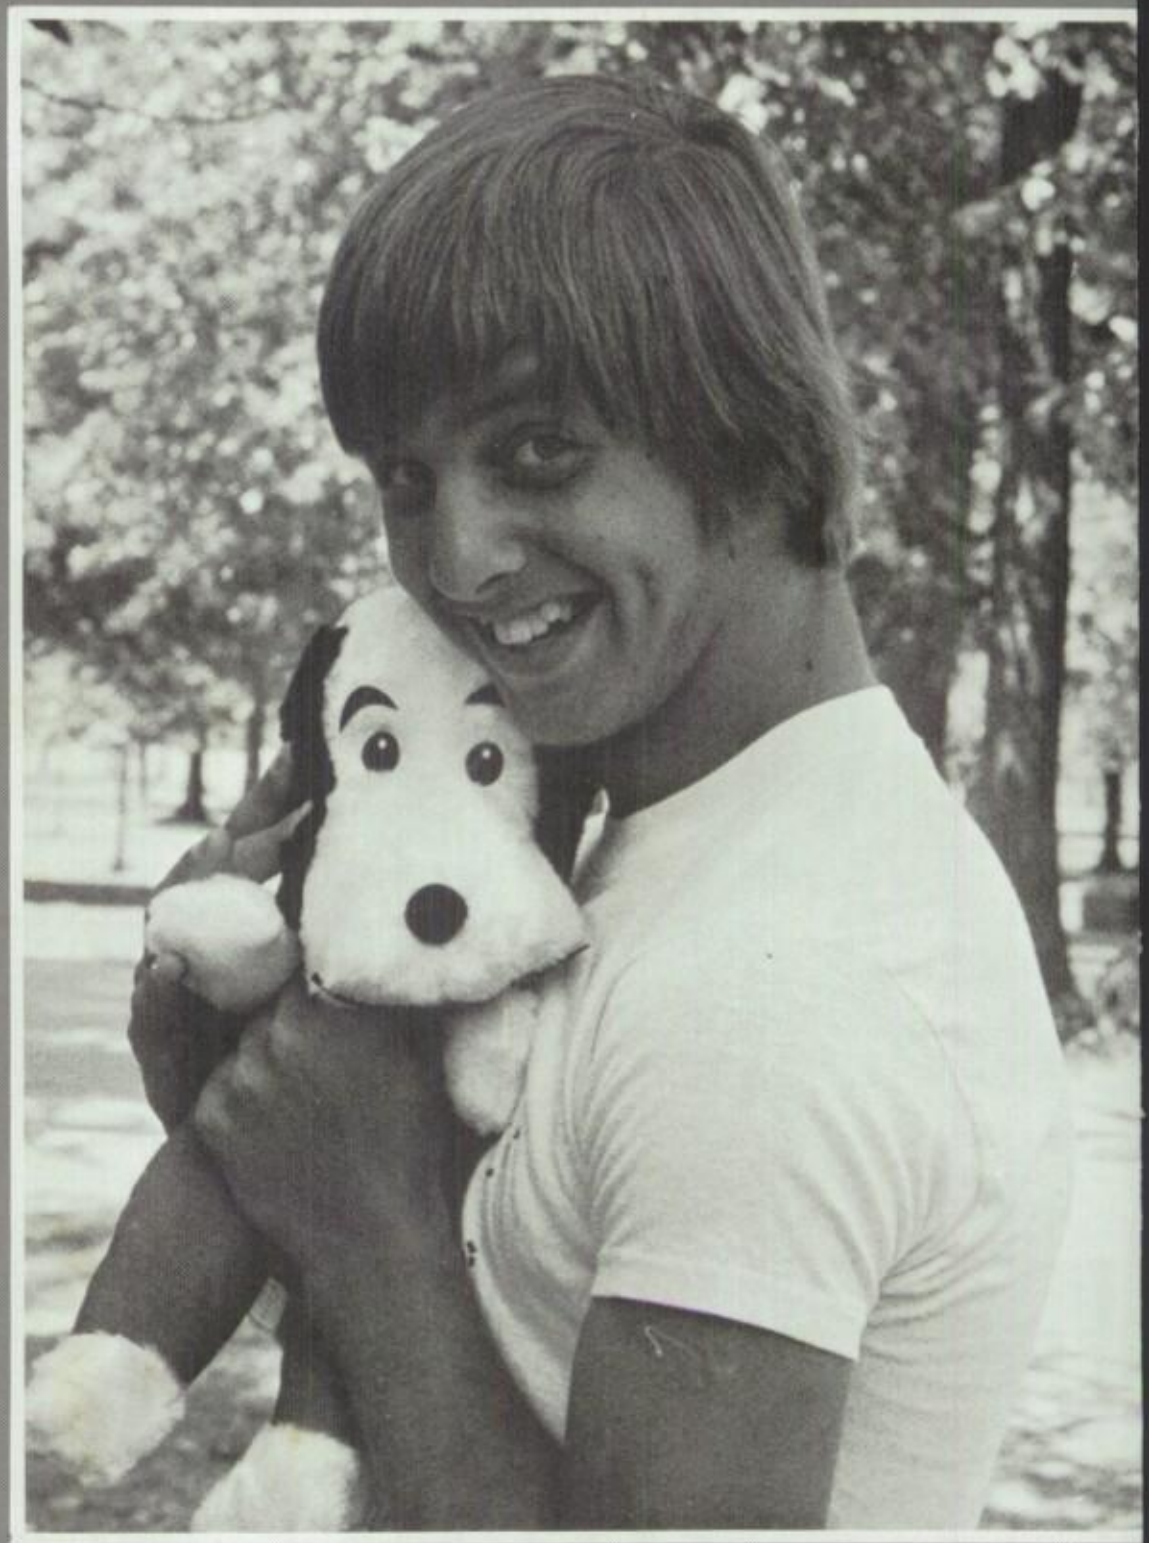
WE STAND OUT

It's kind of funny to think that after graduation, we'll only be known and remembered (and forgotten) as the "Class of 78." It seems that our class will be lost in the shuffle of the next three-minute bell change and somehow, we will be helplessly "filed" away, missed by no one.

Superficially, we appear to be an exact replica of every other graduating class — only the names have changed to kill the monotony. However, if you look a little deeper . . . C'mon, take a close-up look at us from the inside. Delve into our private file by paging through this yearbook. You'll be sure to find what no typewritten filing card could ever show — the laughter, the determination, and the neverending Pride we shared.

We know that it would have been a futile effort to attempt to record the number of classes we skipped, the times that teachers were outwitted, the hours spent sleeping in class, or the time spent perfecting a forgery on a hall pass. Nevertheless, we devised this unique "file" to give complete coverage of "our year" — a year of accomplishments and of disappointments; a year in which we have all grown a little older and, remarkably, a lot wiser.

We will take with us the memories of being the last class to attend M.H.S. in the eigth grade, along with being the first class to break our longest football losing streak. However, what memories we take with us have little significance. It's what we leave behind that counts.



WE, THE SENIOR CLASS OF 1978, WANT YOU TO PAGE THROUGH AND KNOW THAT THERE NEVER WAS A CLASS LIKE OURS, AND UPON REACHING THE BACK COVER, WONDER IF THERE EVER WILL BE. LIKE THE OPEN DRAWER ON THE COVER — WE STAND OUT!

SHEET AND TUBE SHUTDOWN THREATENS THE STEEL VALLEY

It is highly unlikely that anyone will be coming here for a job in the future.

CAMPBELL IS HIT HARD

Without a doubt, the biggest issue having a significant effect on the student body arose in mid-September on a day that became known as Black Monday. The students were still celebrating the first football victory of the season when, without any warning, the Youngstown Sheet and Tube works announced the layoffs of 5,000 workers from its local mill. Unfortunately, some 1,200 jobs that were lost belonged to Campbell citizens.

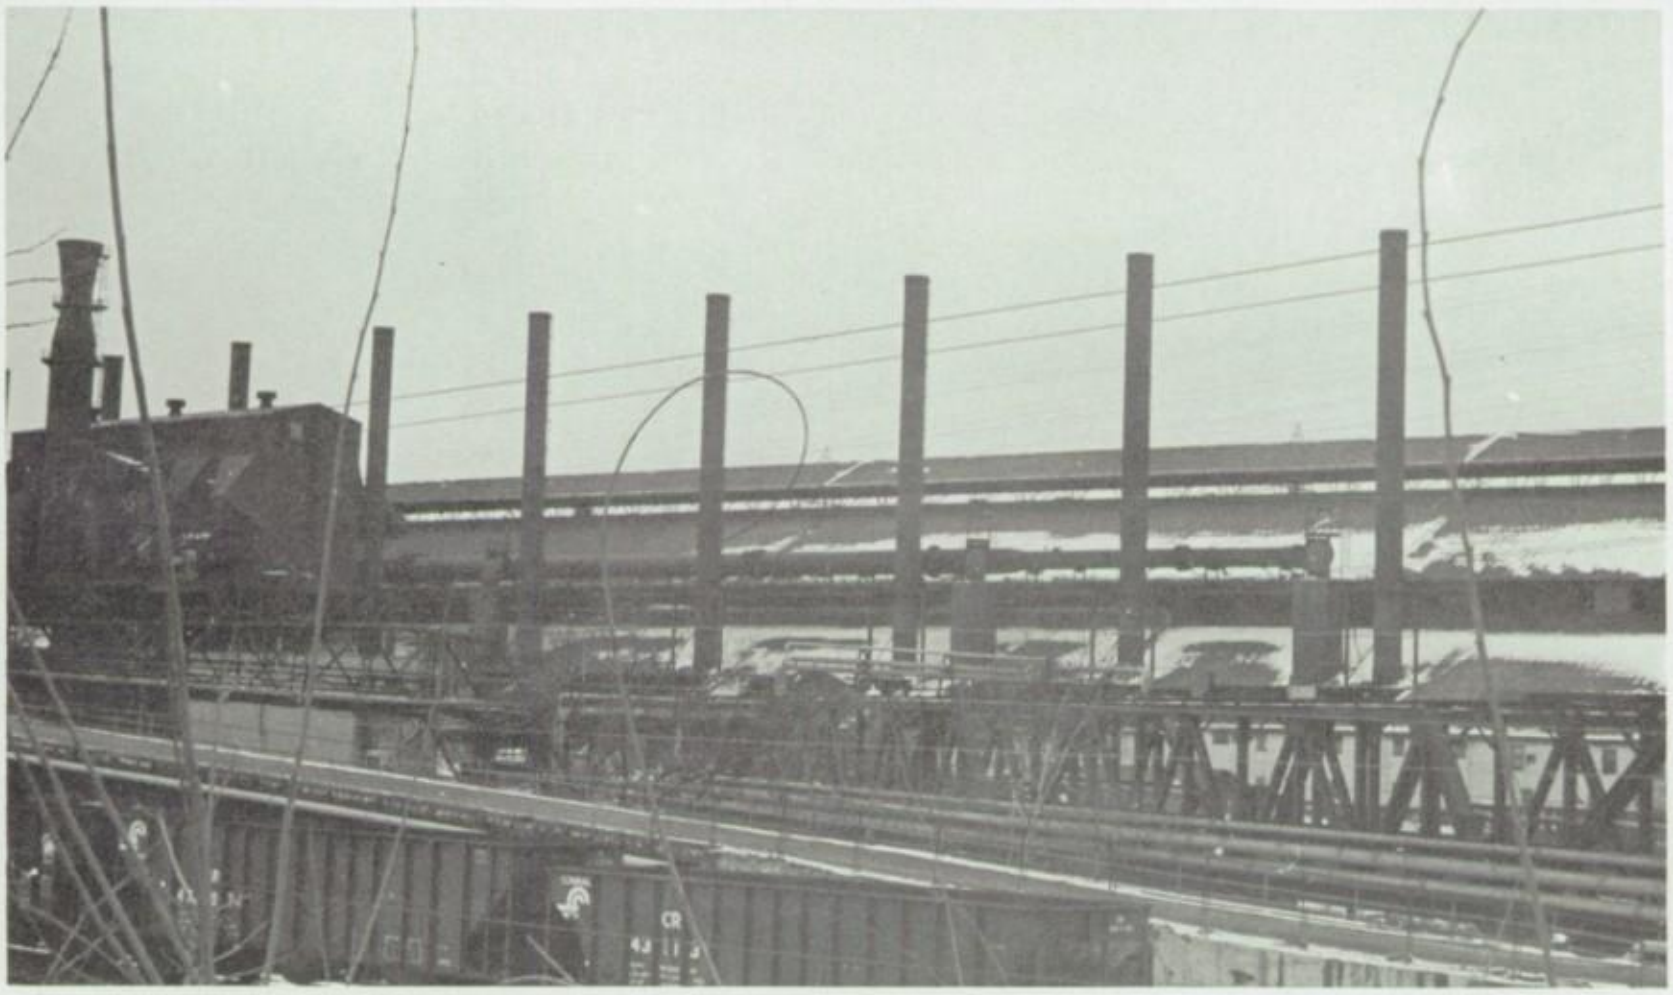
A dark cloud seemed to hover over the entire student body as they began to realize the possible long-range effects that could be in store for the Mahoning Valley due to the partial shutdown. Of immediate concern to the Campbell city schools was the loss of money that the Sheet and Tube supplied through personal property taxes. Their taxes amounted to $4,785,323 and a reported $3,349,725 was used to run the school system. Rumors began to fly among the students: "We could be the last graduating class from MHS." "Campbell will become a ghost town." Teachers were equalled concerned: "I may not have a job next year!"

The Lykes Corporation, owner of the mill, gave several reasons for the shutdown. One of the major obstacles that Lykes faced was meeting the July 1, 1977 deadline to clean up the Mahoning River. The company wanted a six year extension on setting up these pollution control devices, and the Environmental Protection Agency acknowledged the Steel Valley's economic hardship. However, only Congress had the authority to extend the deadline, which they did not do.

Lykes also put forth the argument that they could no longer make a profit here because of the tough Japanese competition in the steel industry. Japan's mills are modern and labor is cheap. To modernize the Youngstown mill would take millions of dollars so, instead, Lykes decided that their major steel production center would be at Indiana Harbor, near Chicago.

Many citizens have already moved and many more are planning on it. Carter has not lent us any help in the past six months, despite the numerous petitions that were signed and sent to him by the students and the community. The busloads of people that went all the way to the White House arrived only to be turned away.

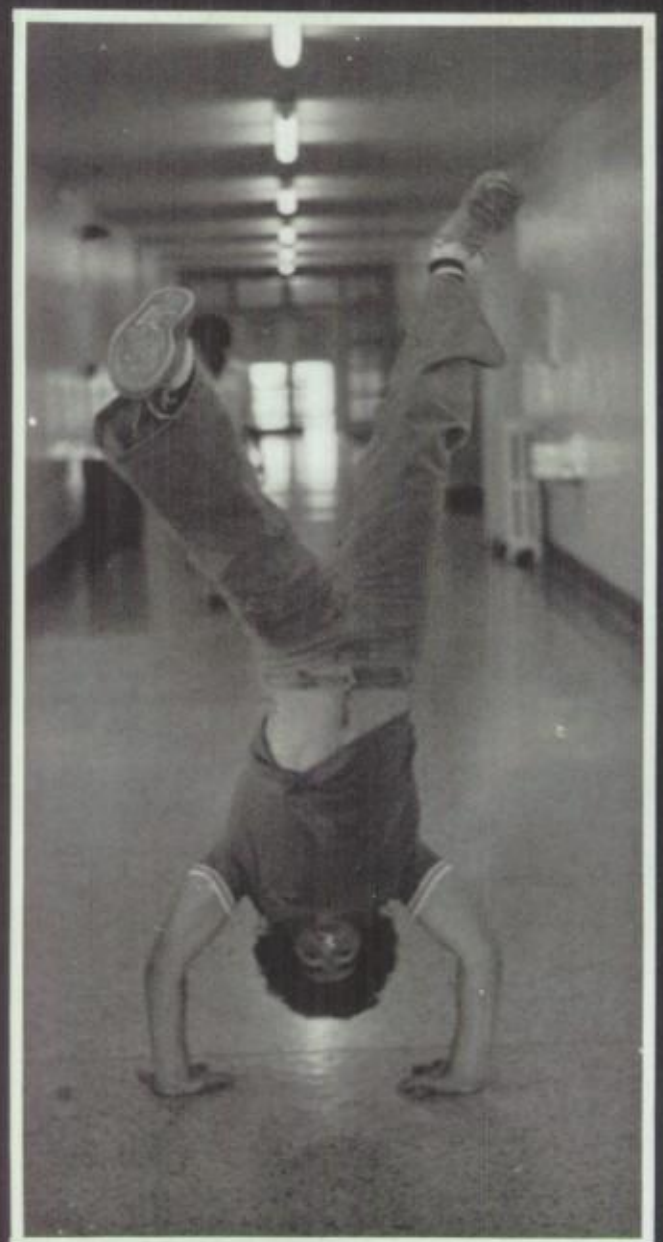
Although the unemployed workers are still receiving paychecks, they are aware of the fact that the money is going to run out. Many of the local banks have set up "Save Our Valley" accounts in which citizens can deposit money which will be used to run the mills publicly. This project will be complicated and difficult to carry out, but it is the last resort for the Mahoning Valley.

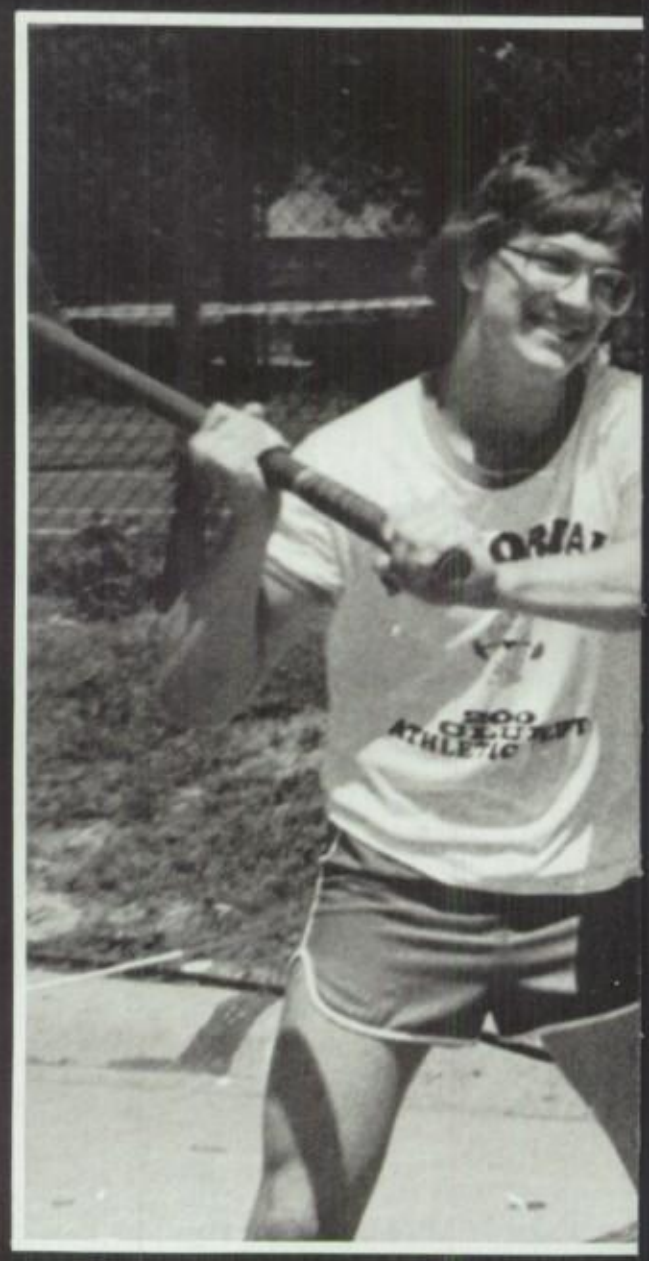


Any way you look at it, the citizens of the Mahoning Valley have the power to determine their futures, and hopefully, they will use it. Then, perhaps, smoke will once again pour from the above stacks.

STANDOUTS AT M.H.S.

High school is a time that is filled with many emotions and memories. It is a time when you can laugh, cry, dream, worry, care, and pretend all at the same time. It is a time full of experiences that we enjoy now, and file in our memory banks for future days when we want to look back and remember . . .

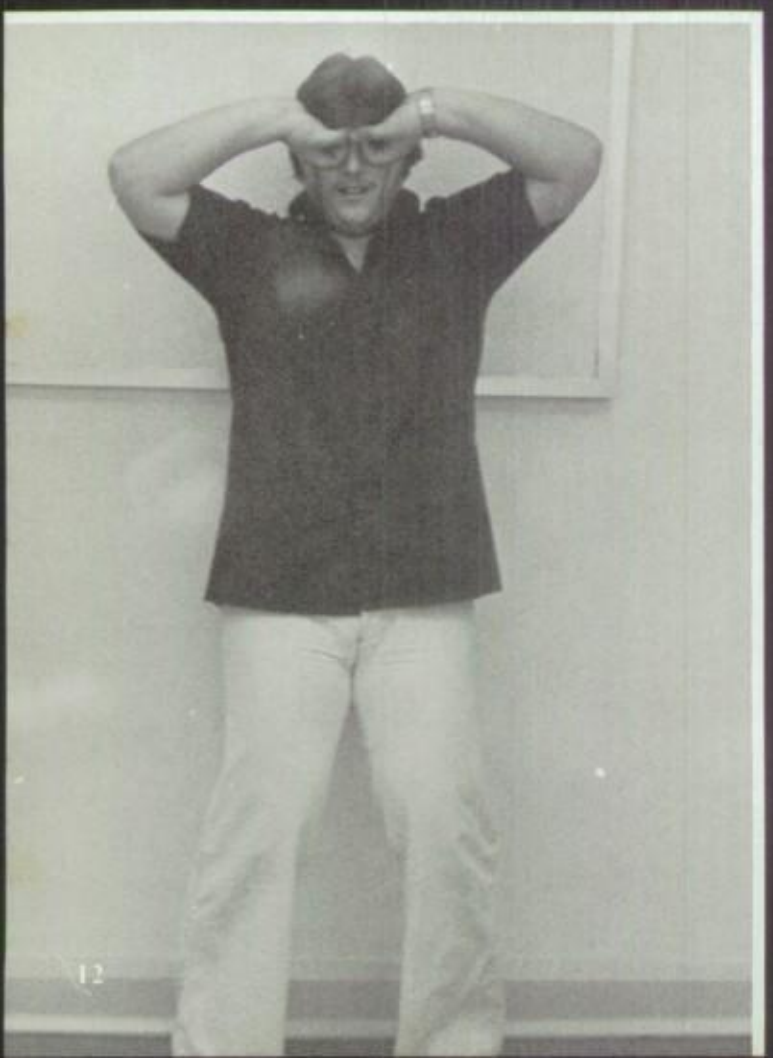


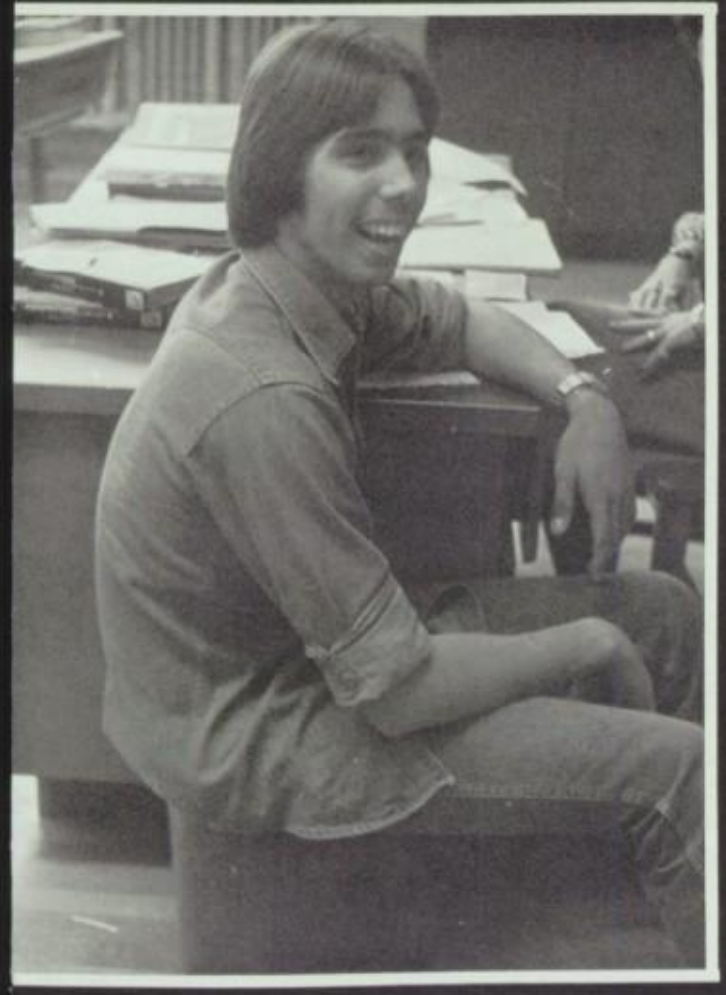


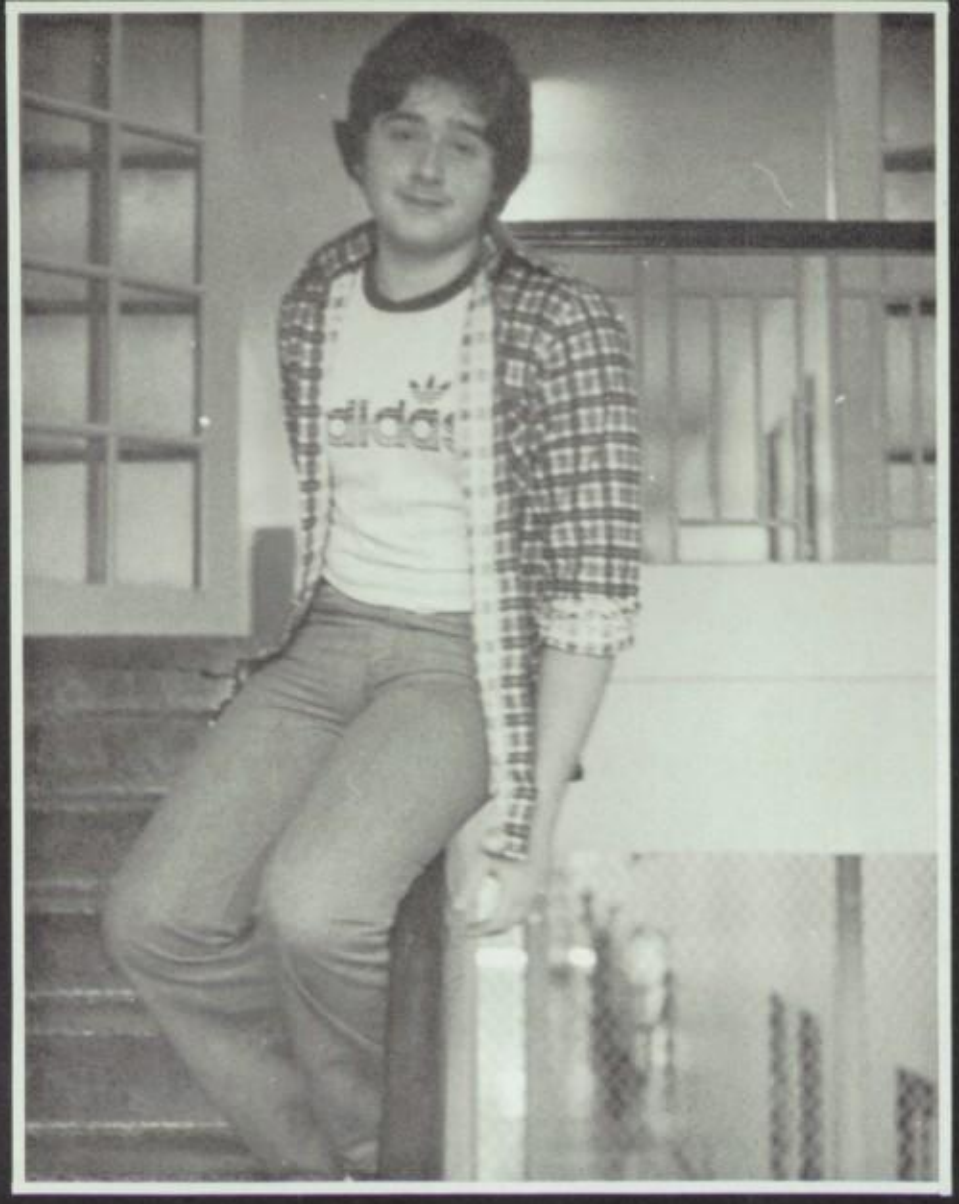
CONE HEADS

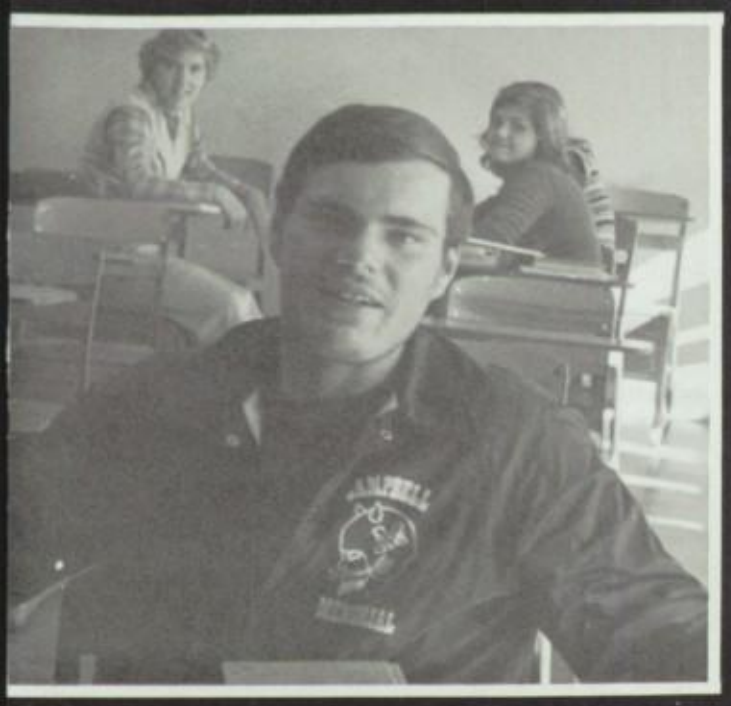
JUST ANOTHER DAY . . .

A typical day at M.H.S. begins with the faint click of the P.A. system followed by the familiar clunk, clunk, bang-THUD; a 57 second pause and then Mr. Monaco's huffing and puffing . . . "Here are the morning announcements." That's the most you ever hear because the voice is either drowned out by the chaotic chatter or your mind is once again enveloped by sleep. You awaken to the sound of a bell and as you are peeling out of the classroom, you realize it is just the janitor's bell. Oh well, like I said, just another day . . .





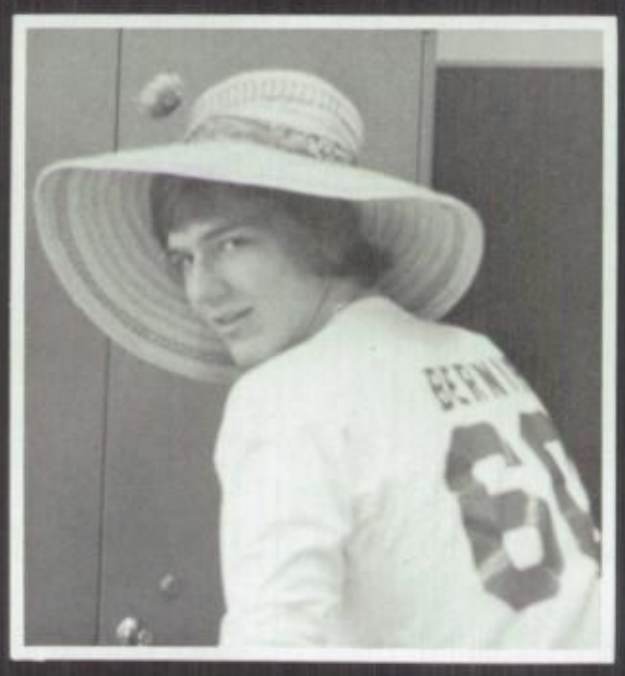


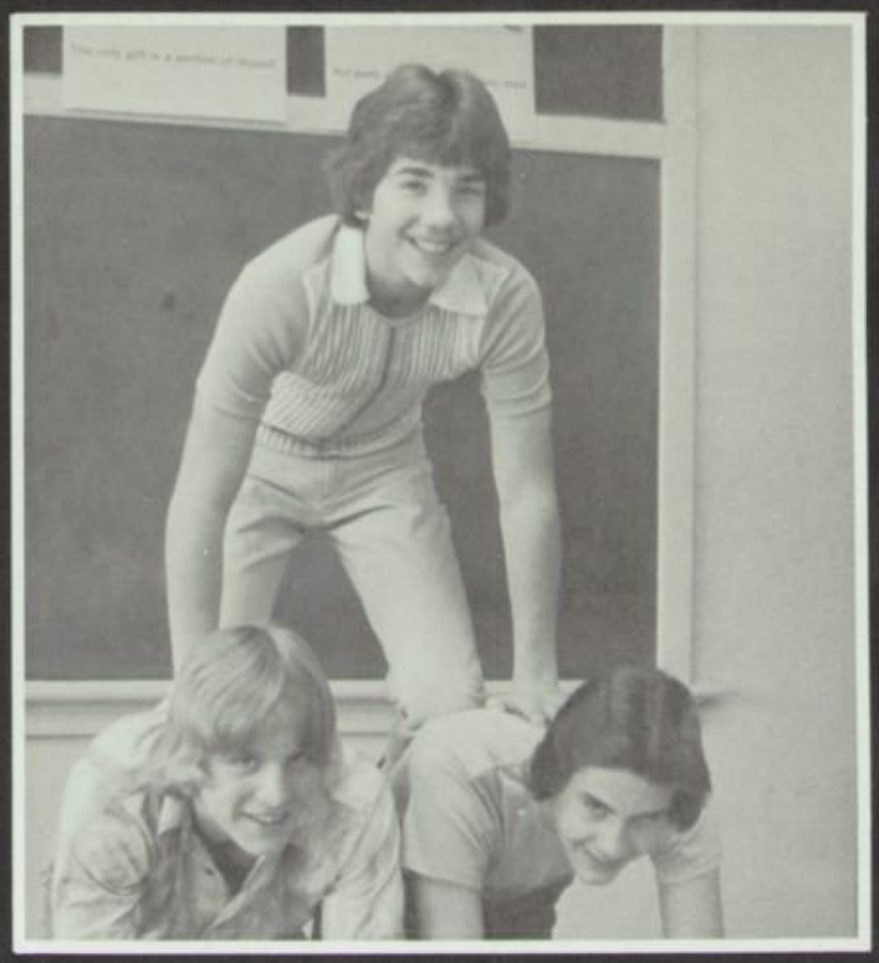


"O MEMORIAL HIGH"

"O Memorial High, we are your student body. We make your classrooms sing with boisterous chatter; we bring to life your tunnel halls. We give our books a home in your lockers, and bring cries of victory to your gym and your stadium, and actors are born in your auditorium."

"O Memorial, you have acquired a new coat of paint, but we know that you are still the same underneath. We are your student body and we love you — not for your new coat of paint, but for your old traditions that stir up the Pride in our hearts and keep it burning so that it never needs rekindling."





WHAT IS STUDENT LIFE?

Student life. What exactly is it? Whether you sit behind a desk or on top of a locker, or even inside a cage, YOU are a part of the student body and YOU contribute to student life.

The students at Memorial represent a broad cross-section of abilities, personalities, nationalities, and qualities that can be found in any comparable school in the nation. We think that Memorial's kids are the greatest, and you should too because YOU are one of them!

NEVER ENDING MEMORIES

Our senior year was filled with many memories that we will never quite forget. Many of our big events included — winning our first football game, going to Mac's, our bonfire, Halloween party, Slave Day, ACT tests, terrorizing Struthers, and the last football game. These memories may not seem like much to just anyone, yet for us, The Class of '78, they STAND OUT.

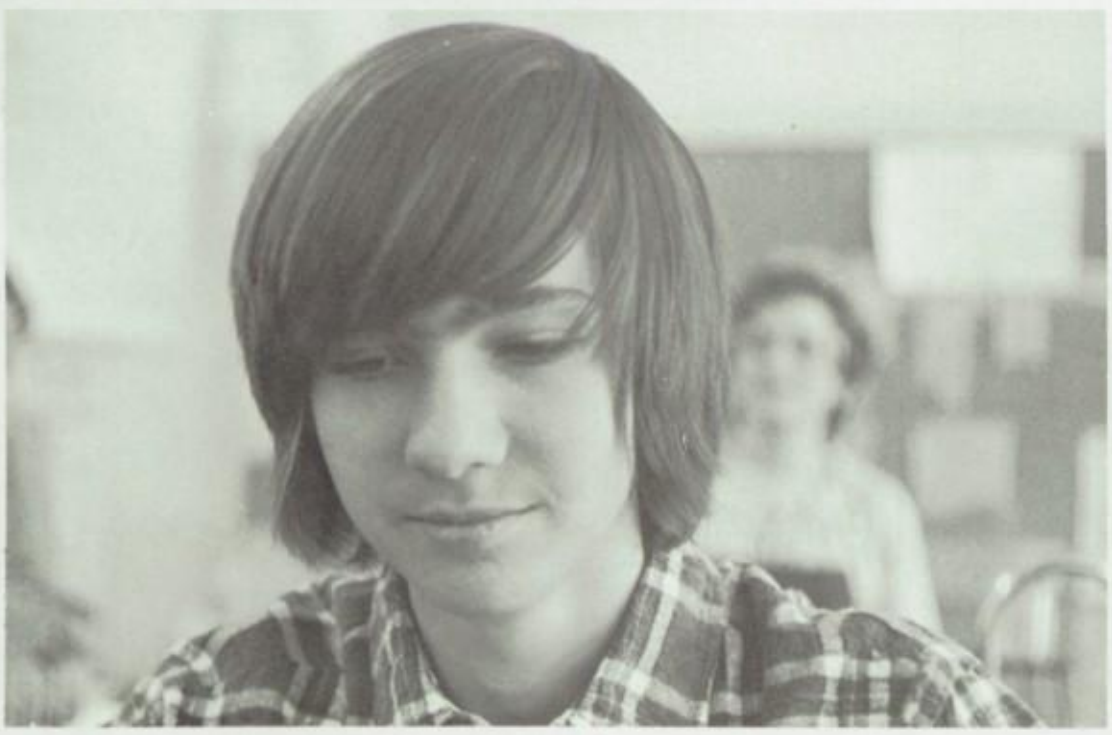
EXPRESSIVE SENIORS

Many different kinds of people roam the halls of M.H.S. They display their unique ideas and feelings through a variety of unusual expressions. Our photographer's camera caught an eyeful of seniors in action.



OUR SENIOR YEAR SPARKLED

Greenies, Freshmen, Sophomores, Juniors . . . Seniors, finally! Finally? If you really think about it, didn't it go fast? Hallways packed with exciting and happy times, which seem like only yesterday, all soon to be only a part of our memories of past times, lost forever. But are they really lost? Our high school years, as we've been told, are the best times of our lives! How can we ever forget all the special times that we, as Seniors, have had? The terrific feeling of victory at our football and basketball games, the Friday nights at Mac's, the Senior assembly, the Hayride, Prom . . . the list goes on and on. These are times when we stood together as one; memories that will stay with us forever. Now as we near the end of our high school years, we realize that it is not the end, but really only the beginning. Good times and future memories await us. We, the Class of '78, STAND OUT among all the rest. Look out world, here we come . . .

A Junior plays a very important role at M.H.S. Planning the Homecoming and Prom rests a heavy burden on the shoulders of many who are, for the first time, getting a taste of responsibility. However, another burden is lifted by the thought of becoming a Senior in just one year. One is almost overcome by the surprise of how fast the years have flown by. Every day is filled with an adventure soon to be stored away in one's memory bank. It can't be denied that one's Junior year is SUPER!

One would think that one's Sophomore year would probably be rather boring. It's like being stuck smack in the middle of something--having some experience, yet having a lot more to learn. By the time that one gets to be a Sophomore, the flavor of the school has begun to settle in one's bones. One suddenly finds themself swept up in the school's activities. Deep inside a feeling grows uncontrollably and blossoms into school Pride. The desire to belong becomes evident, and one's wish is easily fulfilled upon becoming a Sophomore.

I remember being a Freshman quite distinctly. As a matter of fact, I still have my elevator pass! Come to think of it, there are times when I begin to wonder if there ever really was an elevator!

Perhaps the most vivid picture that stands out in my mind is the first "Freshman Battle Cry." I seem to recall that ours was a very silent cheer. What did they expect anyway? I was like a complete stranger coming into M.H.S., who was lost, but not so quite alone in being so. I remember being able to pick out all the Freshmen because they were the only ones, like me, who brought 100 dollars worth of school supplies to classes the FIRST day. (Not to mention that they were also the only ones NOT dressed in blue jeans!) I guess I'm glad that I'm no longer just a greenie, yet I'll never regret having been one.

THEY HELP SHAPE OUR FUTURES

The 1978 Graduating Class can be proud of both its academic and its extracurricular achievements. Its members have dedicated themselves to excellence in performance throughout the four years of high school. In the process they have travelled far on the road to responsible citizenship and self-realization.

The class has accepted the duties attending the acquiring of necessary knowledge and of personal and social development. It responded to the demands made on it and its members are prepared to face the challenges of adult living. Knowledge is never wasted; nor are such characteristics as promptness, reliability, hard work, and accuracy. You are what you know. The administration is proud of the 1978 Class and predicts that its members will do themselves proud in the future.

Anthony Nolfi

Congratulations to the class of 1978 . . . It has been a pleasure being associated with this senior class. If their activity during the school year is any indication of the measurement of success-----I feel confident, that in their future endeavors, the class of 1978 will represent their school and community with dignity.

Donald J. Nelson

STUDENTS' PETS

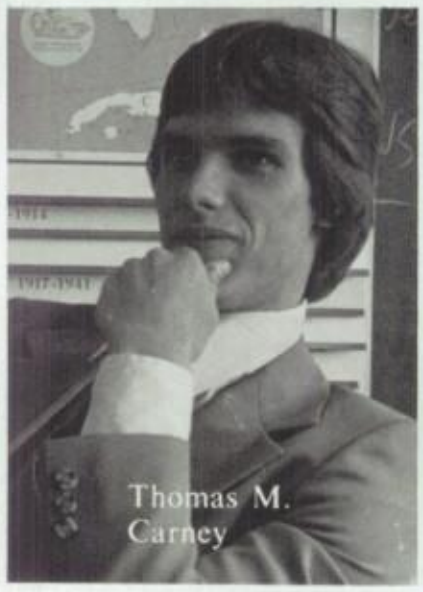
Teaching World History, American Government and coaching baseball, this teacher loves to be a part of winning. He enjoys the qualities of awareness, sensitivity in being open-minded, and enthusiasm, all of which he strives to bring out in any student.

William R. Barillare

Good study habits, and attentiveness are what this Algebra I teacher likes to see in students. Toward hobbies, hunting, fishing, gardening and officiating sports seems to be his favorites

Matthew Bozic

Enjoying physical activity, next to marble cake, this teacher is involved in coaching football and sponsoring Hi-Y. Although he has acquired various nicknames by his Government and History classes, "T.C." seems to be the favorite. After only two years of teaching he is sure, "There is no ideal student."

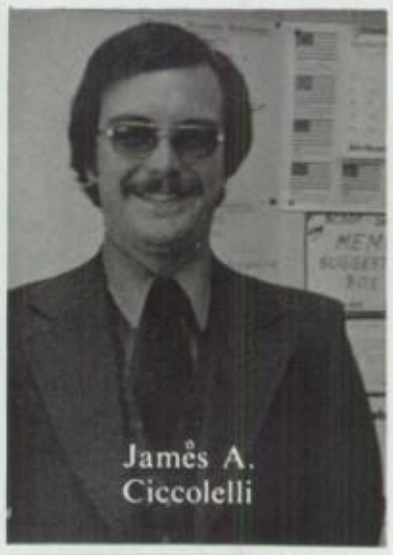


Thomas M. Carney

Very familiar to the students and colleagues at M.H.S. is this electrical and academic science teacher. An alumni of this high school, he returned to his "home" school 10 years ago and has been teaching here ever since.

Thomas D. Cebula

Also known as "Chick" is a teacher whose former ambition was to be a Hollywood star but is now content teaching Business English 9 and 11 and also Sociology. He enjoys water skiing, camping, golfing and all sports. He has presently been teaching 3 years and is one of the younger members of the faculty.



James A. Ciccolelli

Proving his popularity by receiving more Flowergrams than anyone in the whole school, is this General Science teacher. The cooks, nurse, janitors, and bus drivers play an important role each and every day of the school year. Riding on new modern buses brings back memories of the days when the buses stalled in the snow, and we were constantly late for school.

Mondays, Wednesdays, and Fridays are great days to be taken ill, because on these days you can receive the undivided attenion of the school nurse, Miss Simko.

Every day of the week you can smell the aroma of a delicious lunch.

These people are all taken for granted, but they are all essentials at M.H.S.

Bus drivers- Row 1, T. Paskevich, R. Wilson, M. Sweetko, W. Ashmore, Row 2- V. Leone, K. McCowin, R. Patrick. Missing- C. Chuey, R. Dattilo, J. Fabian, C. Hudson, J. Kalosky, J. Mazzocca, S. Miller, J. Morales, E. Tonkinson, D. Walter, M. Zackasee.

T'WAS THE NIGHT OF THE QUEEN'S CORONATION

The tension mounts as the student body rustles into the auditorium. The cheerleaders begin their cheers, but their hearts are not in the words they chant. The reason? Today is the day that five senior girls are nominated for Homecoming Queen. As the Junior class president climbs up the stairs that lead to the podium, the faces of all the senior girls tense with anxiety. "In this box are the names of the five senior girls who are nominated for this year's Homecoming court." The president declares, "I haven't even seen them yet!" Sighs of released tension are heard. The names have been announced and everyone has already chosen their favorite of the five beauties: Cindy Manno, Harriet Maillis, Darlene Bembry, Butchie Sferra, and Gina Zinghini.

Days flew by like minutes, and almost overnight, the day for the Homecoming had arrived. We faced our rivals, the Struthers Wildcats, on the football field, and were led to a sad defeat. Our hopes were shattered and our spirit had fallen, but as the game had come to an end, a new kind of tension had mounted.

One could detect names of the nominees floating out of every conversation. "Who do you think is going to make it?" "Are you going to the dance?" "I hope she comes in last!" "She will definitely be the Queen — everybody but me voted for her!"

The favorite proved to be Gina Zinghini. Her look of surprise is indescribable, as were her feelings of joy. What greater honor could anybody ever ask for? It was a beautiful moment for us all . . . .

A RAINBOW OF DREAMS

Finally the day comes, the dream of every Junior-Senior girl and guy, the day of the prom. The setting was the Georgetown. Scrumptous foods, the music of "Fame," and an all-around exciting time complimented the formality of the usually jean-cladded group who transformed into very elegant people for a single moment of a lifetime. The prom is now filed away and is occasionally brought to mind when nostalgia surfaces, and one realizes he is a year older, and a bit wiser.

The after-prom was spent laughing and throwing innumerable balls at little white pins. Those who could not see the lanes because of some affliction, danced in the Rip Room, or just sat and talked until morning requested sleep.

Water-drenched, half-awake persons dominated the picnic the next afternoon as canoes were rented, hikes were taken, and the most talkative people ran out of words.

The event ended and the next few days were spent storing gowns and returning tuxes. Although May 13, 1977 would never return, the remembrance of it will survive forever.

Our one-of-a-kind sponsor, Miss Polkabla, taking a well deserved rest.

Marcia Trexler and Annette DeTunno are just having a casual chat over the moat. Perhaps they are waiting for their Nights in White Satin.

It proved to be an eventful evening for all who attended the grand occasion. It is easy to see that everybody there certainly had a SUPER time. What a night to remember!

OF BEAUTIFUL MOMENTS

MEMORIES ON FILE

CLOTHES

Four years ago, would you have ever believed that you would be wearing a tube top? Or that jeans would cost $22.00? And a sweater $18.00? We have passed through the days of the platform, the wedgie, and the awkward earth shoe . . . painter pants, gauchos, boots, bicycle tops . . . to the days where guys wear jewelry and girls wear flowers and combs in their hair. Who knows what's next?

PLACES

The favorite place has proved to be McDonald's for the past four years. After any event of importance, somehow everybody ended upthere, and it became known to "Us" as Mac's. As we graduate and each of us go our own separate ways, we will always reserve a place in our hearts for our second home — Mac's.

MUSIC

Over the past four years we have sung our way from the DeFranco Family all the way through to Punk Rock. We have all heard the uncensored version of "Tonite's the Night", "Disco Lady," and "Love to Love You, Baby." Our favorite glitter-rock kings, David Bowie and Elton John, have given way to Kiss, Aerosmith, and the Fleetwood Mac attack revival. We have lived through groups like chicago, Manhatten Transfer, Kansas, Boston, and the Atlanta Rhythm Section. Singles like "The Streaker," "Wildwood Weed," "Disco Duck," and "Telephone Man" have been labled "our generation." Our generation also included the T.V. theme songs — Baretta, The Rockford Files, Welcome Back Kotter, Laverne and Shirley, and S.W.A.T. We have bypassed the days when we could be heard asking, "Is Pink Floyd a man or a woman?" and "Alice Cooper? Who is SHE?" Today, as we patiently await an unheard of Beatles reunion, we must silently thank them for giving us one of our greatest influences — Music.

REMEMBER?

The 8-period-day? Algebra in 8th grade . . . and paddle-ball with JED? Tuff-guy, Chevy Chase, and Carlin record days . . . marble cakes? Ibi-ibi, the year of the bomb scares? Mr. Spock in 203, how about T.S. Eliot . . . Madame Pompadour . . . Wild bill, or Mr. Schuster? Liking school? When rooms had normal blackboards, walls that weren't seasick green, and clocks that told time? Or did they? Who landed the first plane out the Physics' window? Your first day at M.H.S. The last time you had a fun class . . . being straight? Candy machines in the lunchroom? Drivers Ed. movies with Hudak and Hanlon? The snow in the girls bathroom? Coneheads . . . the Senior lounge . . . the old French room? Remember that we are graduating . . . and then try to forget . . . . .

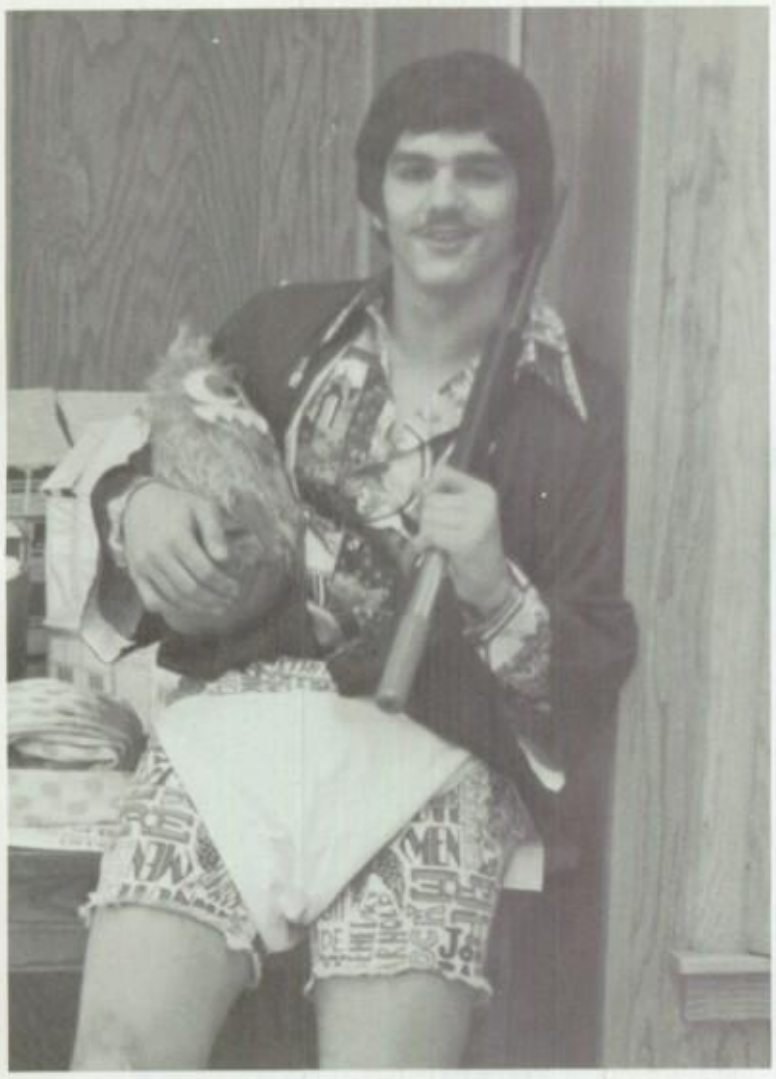
TRANSYLVANIA . . .

CAMPBELL STYLE.

The newest addition to the Senior agenda was the Halloween Party. "What are you going to be?" "Never you mind!" and "At least tell me what color!" were among the familiar phrases caught by the underclassmen's ears.

As the big event drew near, excited voices rang out in the lunchroom. The night was at our doorstep before we knew it. It was a wonderfully "horrible" night for ALL--full of laughter, gaiety, and all around fun. The following week, costumes and people were discussed by those who attended and those who didn't go sat back and listened, giggling with the rest.

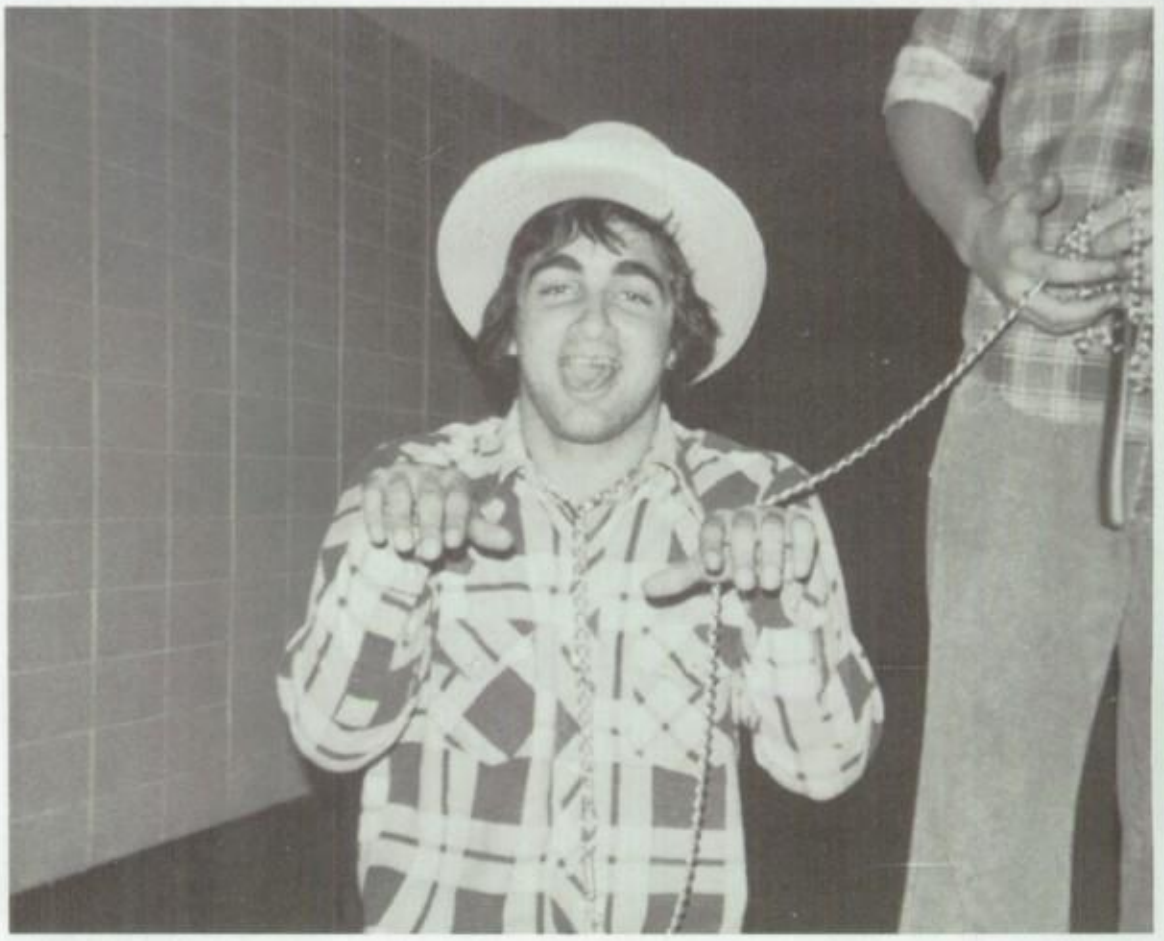
Although it came and went like so many things in our lives, we will always be able to recall from our memories how we celebrated Halloween — Campbell style.



I'm ready for anything!

This is unreal.

Tonia, what legs!



I want a bone!

Oh boy! What a day! It all started with a "GREAT" idea our class president had. He decided it would be fun and unusual to have a "Senior Slave Day." Some of us thought very differently, but everyone who was bought came to school against their wishes. Why? Basically to see what the other guy looked like. The underclassmen had our lists of duties ready. Seeing Seniors carrying a ton of books, skipping in the halls, crawling on hands and knees, and singing and "stripping" in the lunchroom were just a few common sights you may have witnessed that day.

When the day was over, Seniors rushed to the lavs to change out of the outrageous costumes they had on. Some of the guys could not get their make-up off, but by the next day, everything was back to normal. We can all add Slave Day to our memory file as one of the strangest days in our Senior Year.

Anything for a laugh.

How much is that bunny?

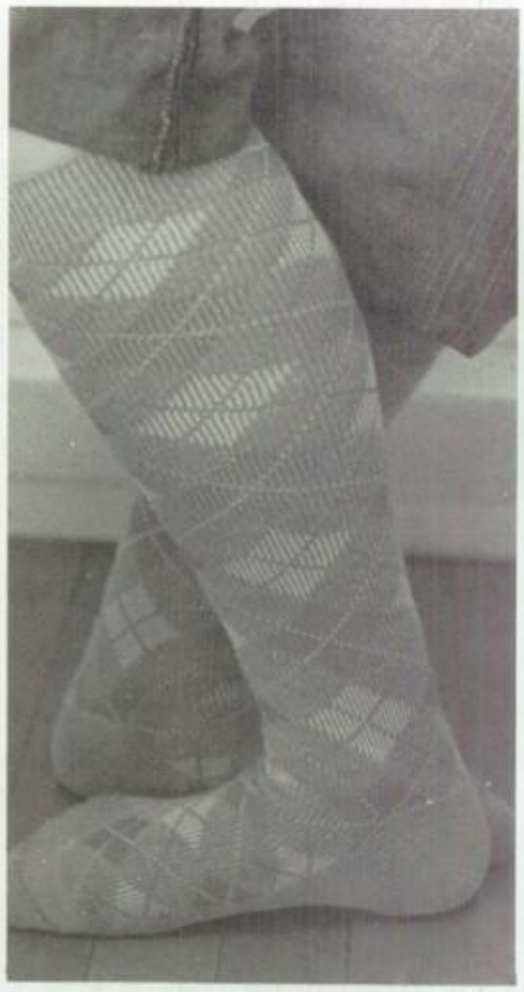
Oh gee guys!

ABOLISH SLAVERY!!

What is it?

I got mine at Fredericks.

MORE "FEETURES" . . .



Look ma, I'm cross eyed!

A new dance step, dear?

We always climb the walls here.

SHOES YOUR SHAPES AND STYLES

Like most fashions, trends in footwear tend to be in today and out tomorrow. Who can tell 20 years from now whether teenagers will be wearing moccasins, clogs, or dress boots or something shockingly new! Army boots with goldfish in glass heels maybe?

FAMOUS QUOTES FROM OUR CHRISTMAS ASSEMBLY.

"Look Miss Griffin, I even got hair on my chest!"

"Too much snow, no golf today."

"Hey boy, is this your lunch tray?"

"Give me an "E" HEE HEE!!"

REVELERS IN THE MAKING

The Reveler Staff worked diligently throughout the year preparing this book for the student body, the faculty, and themselves.

Between the rushes to meet their deadlines, there were many occasions reserved only for having some great times, allowing the staff to become better acquainted. They indulged in such pastimes as teasing "Madame Editor" and decorating the bulletin board with notes from Chickenlips to Fishface being among the favorite ridiculous messages.

The highlight of the year was dinner at the Shenango Sheraton, which was a compliment of the staff Advisor, Mr. Cvengros.

We were just kids at heart.

Leisha and Cheryl discuss matters other than Reveler.

"What a face!"

They're lined up at her door!

THE ACADEMIC ELITE

N.H.S. Officers- L. Ringos, J. Roguski, B. Fiorini, Mr. Monaco, K. Keish.

The organization of Memorial's academic elite, National Honor Society, functioned under the guidance of Mr. Monaco. The members of N.H.S. were responsible for the festive Christmas decorations adorning the office, the cafeteria, and the hallways. Green construction paper "Santa Cookie-Monsters" were taped to the seniors' lockers.

Members of N.H.S. are nominated each spring. To be nominated a student must have at least a 3.0 average. An assembly was held to announce those selected to enter the club.

POWER OF THE PRESS

Can this be Lillian's opinion of the Memo?

Concentration is the key to a good layout.

The school reporters spent the year constantly on the lookout for an exclusive scoop. Under the direction of Mr. Cvengros and Editors Russell Brodnan and Lu-Ann Carano, the Memo was sent to the presses and distributed among the student body. In order to finance the publication of the newspaper, the staff sold -andy among other fund-raising activities.

The eye of the camera seems to be the only thing that can draw Mark away from his work.

Sonny's mind seems to be preoccupied in thoughts not concerning the Memo.

Working on puzzles for the Memo is Elaine's favorite job.

Editor, Russell Brodnan, and assistant Editor, LuAnn Carano with Memo advisor, Mr. Cvengros.

Debbie and LuAnn make a great team.

These staff members never seem to have any free time.

LuAnn Carano, Stephanie Ginnis, Ann Marie Stanko, Elaine Ringos, Diane Ciccolelli, Susan Vodhanel, Kathy Galanses, Debbie Bednarik, (2nd row) Terri Matash, Karen Vitus, Alan Bosak, Mark Libertin, Russell Brodnan, Steve Sferra, Diane Jakobowski.

GREAT ORATORS OF M.H.S.

The Campbell Memorial Speech Team, coached by Mr. Pietruch, proved to be a young and very talented group of individuals. Competing week after week in one of the toughest districts in the state of Ohio, the team always placed in the Top Ten rankings. Active members were: S.Skarote, K.Drotar, L. Carano, M.Fabian, N.Kraynak, S. Malmer, J.Marenkovich, and J. Harvischak.

Noreen's facial expression adds emphasis to her speech.

A division of Kiwanis International, the Key Club is Memorial's service organization. Headed by Mr. John Cvengros, the club holds regular meetings on Mondays. One of the club's responsibilities is putting up the lettering on the marquee in the front of the school.

A STAGE IN OUR LIVES

This year the Red and Black Club presented to the public a comedy, "Father Knows Best." The stars included Todd Vocature, Annette DeTunno, Leisha Ramunno, Mark Makatura, and Mark Libertin. Also important were the club members who worked on make-up, the stage crew, props, programs, publicity, and lights. Student director was Paula Wallace, while Marcia Trexlor served as stage manager.

A memorable moment from the play included Todd Vocature's speech discouraging displays of affection in public. Way to go Todd!

Officers: Leisha Ramunno, Paula Wallace, Joe Mistovich, Mrs. Miller, Marcia Trexler, Ann Marie Sferra.

Above are two unforgettable scenes captured by the camera's eye.

The family's future is discussed in a heart to heart conversation between mother and son.

"My father is a very reasonable person . . . "

"Why me, Lord?"

After a hectic night, the morning brought a happy ending.

A sigh of relief answers the thunderous applause given by the audience.

"HOLA!" FROM LA CLASE DE ESPAÑOL

OFFICE "ASSOCIATES"

These students worked in the office during their free periods as "messengers for the administration." Commonly known as office checkers, they excel in such office duties as collecting attendence slips, and delivering messages. Supervising this group were Mrs. Mele and Miss Skukan, the school secretaries.

Debbie Bednarik renders her assistance to a fellow student.

Locating books without difficulty is easy for librarian Ellie Krinos.

Annette finds that the card catalog is an invaluable resource.

In the library of 10,500 books, a student could easily have difficulty in locating a needed volume. However, with the assistance of Mr. LaRocca and the school librarians, selecting books here at M.H.S. is a simple and pleasant procedure. These girls also add efficiency by checking out books, straightening shelves, and doing necessary typing.

That same guy still has the Teen Magazine!!!

BOTH CLUBS ARE WELCOME ON

Directed by Mr. Tom Carney, the Hi-Y Club did much more than just go to the YMCA to swim on Wednesday nights. These young men also participated on a basketball team, a bowling team, and a touch football team, all of which were supervised by "T.C." Another activity they took part in was Campbell's Civic Day. Can you imagine one of these youths as the mayor of our city?

Memorial has a club that goes swimming in the winter? Not so fast—it is an indoor pool and anyone who hangs out at the YMCA on Wednesday nights will be sure to find members of the Tri-Hi-Y swimming there. Sponsored by Miss Frangos, the club does not hold any fund-raising activities, but merely charges a small membership fee which entitles them to to at the YMCA.

Funds were raised for their activities by the sale of giant coloring books.

"THE LOVELY AND TALENTED DANCING MAJORETTES . . ."

My eyes looked straight ahead and I held my body at attention watching the clock tick off the final seconds of the second quarter — two, three, one, and the clock buzzed. This was it, what I had waited for all summer. Through my mind raced memories of practices every day in the hot sun, endless dieting, doing those high kicks, learning dances, marching in parades, and getting up a 6:30 at Band camp after going to bed at 5:30!

I heard a voice announce from the pressbox, " . . . the 1977-78 dancing majorettes" and the trumpets blasted out the fanfare. My heart quickened its pace as my legs automatically took me through the band and out in front. The show really started for me now as the band played the familiar tune "Rubberband Man." Soon I was dancing to the stimulating hit songs "Rocky" and "Sir Duke." By this time I could feel the ache in my back from arching, the cramps in my legs from picking them up so high, and the pain in my jaw from the constant smile on my lips. My face was beaded with perspiration and I could feel the heat coming from my body caused by the exertion. My hair looked a mess and my face was beet red, but I knew that I did well, and the applause at the end of our performance was worth it all.

"WE GOT SPIRIT"

What is it like to be a cheerleader? It's like being an artist, an athlete, and a performer; painting signs, training, and being in front of an audience. It's experiencing cold noses and freezing toes, and long quiet bus rides home when we lose. It's leading a chain of people around a blazing fire. It's a real challenge — striving to be the best you can be. It's going to camp, hoping to improve your squad and achieving the ultimate goal — a first place award! It's new ideas and planning assemblies . . . which don't always work out the way you hoped. It's giving a lot of yourself without expecting anything in return. A sport with a year-round season, cheerleading is like a lot of things, yet it's like nothing else in the whole world!

HOW TO BE A CHEERLEADER

Be able to yell up a storm,
Have legs that can jump as well as a frog,
Be equipped with hands that never get tired of clapping, and
smiles that NEVER wear off . . .
Be prepared to practice long,
hard hours,
Be overflowing with school pride,
Be sure to have precision-cut hair
that could fall back in place even
after two hours of ups and downs,
wind and water,
And prepare to become frozen at
football games,
Come to think of it—be prepared
For ANYTHING! ! !

Sponsor Miss Galletta is pleased with her girls' practice performance.

At left-Learning a new cheer can be difficult, but our cheerleaders always give us a polished performance.

George is deep in concentration as Jim contemplates his next move.

Chess is a game of strategy and intense concentration involving much skill and intelligence to play. Members of M. H.S.'s Chess Team spend much of their spare time practicing for their matches. The positions of "check" or "checkmate" are planned as pawns, knights, bishops, and rooks disappear one by one from both sides. When at last a king has been cornered, you can usually assume that one of our skilled players has bested his opponent. The team's coach is Mr.LaRocca.

THEY MADE THE DIAMOND SHINE

Row 1- M. Lysowski, B. Scachetti, A. DeFelice, J. Diamandis, C. Patten, J. Polkabla, Row.2- G. Bednarick, H. Valantasis, R. Lopez, J. Moskosky, G. Fallas, Row 3- M. Trexler, T. Stiles, P. Dubos, M. Baldwin, R. DeMart.

The 1977 baseball team lost some key performers in John Diamandis, Tony Stiles, Paul Dubos, and Rocky DeMart in a season that saw them reach the Regional Finals in tournament play.

Returning for 1978 is a good nucleus formed by Glenn Bednarik, Mark Lysowski, Jim Moskosky, Tony DeFelice, John Polkabla, and sophomore pitcher Mark Trexler, who shows promise of being a big winner for the Red Devils.

Coaches Barillare and Kish feel help must come from underclassmen and newcomers if the baseball team is to maintain its winning ways. Baseball players have come out of nowhere in the past to contribute heavily to team success, and this must certainly be the case again in 1978.

Coaches Barillare and Kish emit an aura of confidence when it comes to the 1978 baseball team.

Concentration and determination seem to be on Glenn's mind.

TENNIS TEAMS NET

The girls' tennis team, under the leadership of Coach Graban, got off to a strong start and ended their season with a four and eight record. Nancy, Lisa, Marcia, and Elaine made quite a racket on the courts by playing their best. Tennis is one of the newest sports that has been stirring up much enthusiasm among the girls. We wish them the best of luck in 1978.

WINNING SEASONS

There is no question on the growing popularity of one of the nation's most difficult sports. The Roosevelt tennis courts were built years ago, but have only recently received attention in the public eye. The M.H.S. tennis team has shown itself to have highly potential and valuable players in the past year. Coach Graban looks forward to another SUPER year of superb showmanship.

Most valuable trackster, Hope Wills

The boys' track team, coached by Dennis Katsaras, had a winning year, finishing with 5 wins and 3 losses. The team was led by seniors Hope Wills, Lance Jones, Bill Volison, and John Shabella. Other outstanding runners were Tony Teague and Peter Kea, both juniors, and Brian Danilov, a sophomore.

The '77 tracksters also placed 5th in the Dover Invitational and 10th at the sectionals, where Andy Wills qualified to District in the 220 yard dash and the long jump.

Being an individual sport, golf depends upon each player's precision, agility, and patience. Even though they did not win, they can be proud of their team effort. Seniors John Polkabla and Josie Lanzo led the golfers. Under the direction of Anthony Pacella, the golf team has been steadily improving its game. We hope they have a successful season in 1978.

ON THE RUN . . .

This past September the Campbell Memorial Cross Country team sprang into action once again. After long grueling and miserable hours of running during those hot summer days, they were ready for competition. Although their expectations were never completely fulfilled, they were there. They were representing Campbell Memorial in Steel Valley competition and in Class AA. The team had little to work with, but did their best with what they had and having the satisfaction of knowing so, was all they needed.

DO IT! CAMPBELL CAGERS

Under the leadership of Mr. John Shadonix, this years boys varsity basketball team managed to give its followers a great feeling of pride. Beginning the season with six straight wins, four of them in the Steel Valley Conference, the Devils took the lead and became an interest to many spectators. They surprised the entire valley with this tremendous achievement. The excitement almost diminished in the middle of the season when the Devils became less explosive. The collectiveness and positive attitude of the coach kept everyone hopeful that we would make a comeback and gain the title of Steel Valley Champs. However, our goal was not fulfilled, but the support of the fans, the individual talents of the players, and the outstanding coach made just the effort worthwhile.

Terry gives the competition a hard time.

Thrills . . . excitement . . . victory! These are only three of the many words we can use to describe the 1977-78 Campbell Memorial's Girls' Basketball Team. Under the leadership of Coach Priscilla Sirilla, the girls achieved a 19-1 record. Last year, the girls were regional champs and went to the State Finals in Columbus, held at St. John's Arena. As of now, the girls are well on their way to State once again. Fast, polished plays fill their games and make our girls a joy to watch. With a lot of hope for the future, we are proud to cheer the team on to Columbus and hopefully a #1 ranking in the State. Good Luck Girls!

GRAPPLERS SHOW THEIR STRENGTH

A relatively new sport at M.H.S. is wrestling. The 1977-78 team was much better than the record showed. Although they only won one match, the team had many outstanding individuals. Senior Bob Vaschak led the team with several victories. We wish the wrestlers better luck next year.

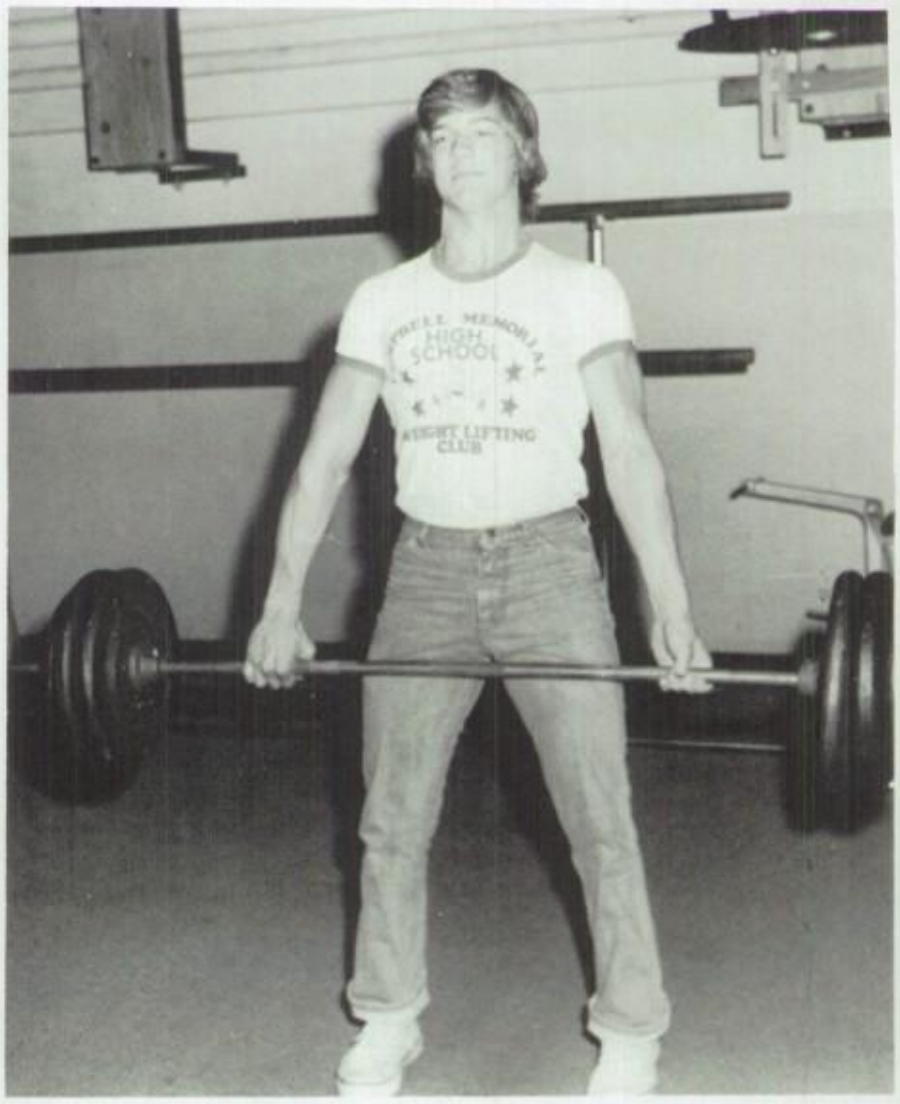
THE TOUGH — GUYS

The 1977 Red Devil Powerlifting Team was a new addition to the athletic scene at Memorial. Organized by Coach Carney, the team received recognition in its first year of competition by winning the 6th Annual H.S. Powerlift Championship at the YMCA.

Leading the team to impressive victories were Bob Chiclowe, Bob Turnbull, Bob Vaschak, Jim Roguski, and Bob Smith. These young men formed a cohesive unit that swept through victories in strong competition. All of the young men on the team worked hard and played an important role in the team's success.

The most renowned lifter on the squad was diminutive Bob Vaschak, in the 114 lb. class. He won trophies in powerlifting throughout Ohio and Pennsylvania. Vaz is most noted for his second showing in the U.S. Teenage powerlifting Championship. Bob proudly represented his team, his school, and his community in U.S. competition.



Senior Jim Roguski gives a "powerful demonstration".

TELEVISION

When it comes to television, we have certainly seen it go through many changes throughout our high school years. To begin with, we've lived through Match Game '73 through '77, and through about five seasons of Gilligan's Isle, Gomer Pyle and Brady Bunch reruns! We have all grown sick of the Partridge Family and Hogan's Heroes together. Not only have we witnessed the first hour long soap opera, but who would have ever believed that we would be viewing Mary Hartman in our junior year? Even so, THAT didn't come on the air until 11:30. This year, we get to watch SOAP, instead, at 9:30!

Television has come a long way and we have come with it. We received the opportunity to view such blockbusters as Gone With the Wind, Roots, The Ford-Carter Debates, Little Lades of the Night, and Washington Behind Closed Doors. A few years ago, shows such as the preceding would have been unthinkable for television viewing. Speaking of the unthinkable, we will never forget "NBC's Saturday Night." This includes fond memories of the Killer Bees, the Coneheads, Chevy Chase, Miss Emily Latella, Land Shark, Baba Wawa, Quary, Anyone Can Host, and the various other stage antics by the Not Ready for Prime Time Players.

The above "top 10" surveys were taken to find out what type of music the Senior Class is into, and who their favorite teachers are. A large cross-section of seniors were polled and, as you can see, the results speak for themselves. Just for the record, Mr. DeLucia won by a longshot, and likewise did AWB and Rush.

Years from now, you may ask yourself who these groups are and whatever did they sing. We wanted you to have your own list to keep on file.

WE HAVE COME THIS FAR

Well, there you have it—"US" in all our glory—in a file that hopefully shows US at our best; A file that holds something very important and dear to each and every graduating Senior . . . the memory of living it all . . .

AND THERE'S NO TURNING BACK

There IS no turning back, but memories are for keeps, and perhaps they're all that ever really matter. Right now, you may just want to forget, but the key to this file is yours to keep forever . . . if you lose it, you'll lock out an important part of your past—a part that should be savored . . .

So if you ever find yourself lost and alone, confused in a place where you don't fit, or just longing for the carefree days of highschool (the ones you thought would NEVER end) take your key, unlock this "file", AND RELIVE IT ALL AGAIN . . . .

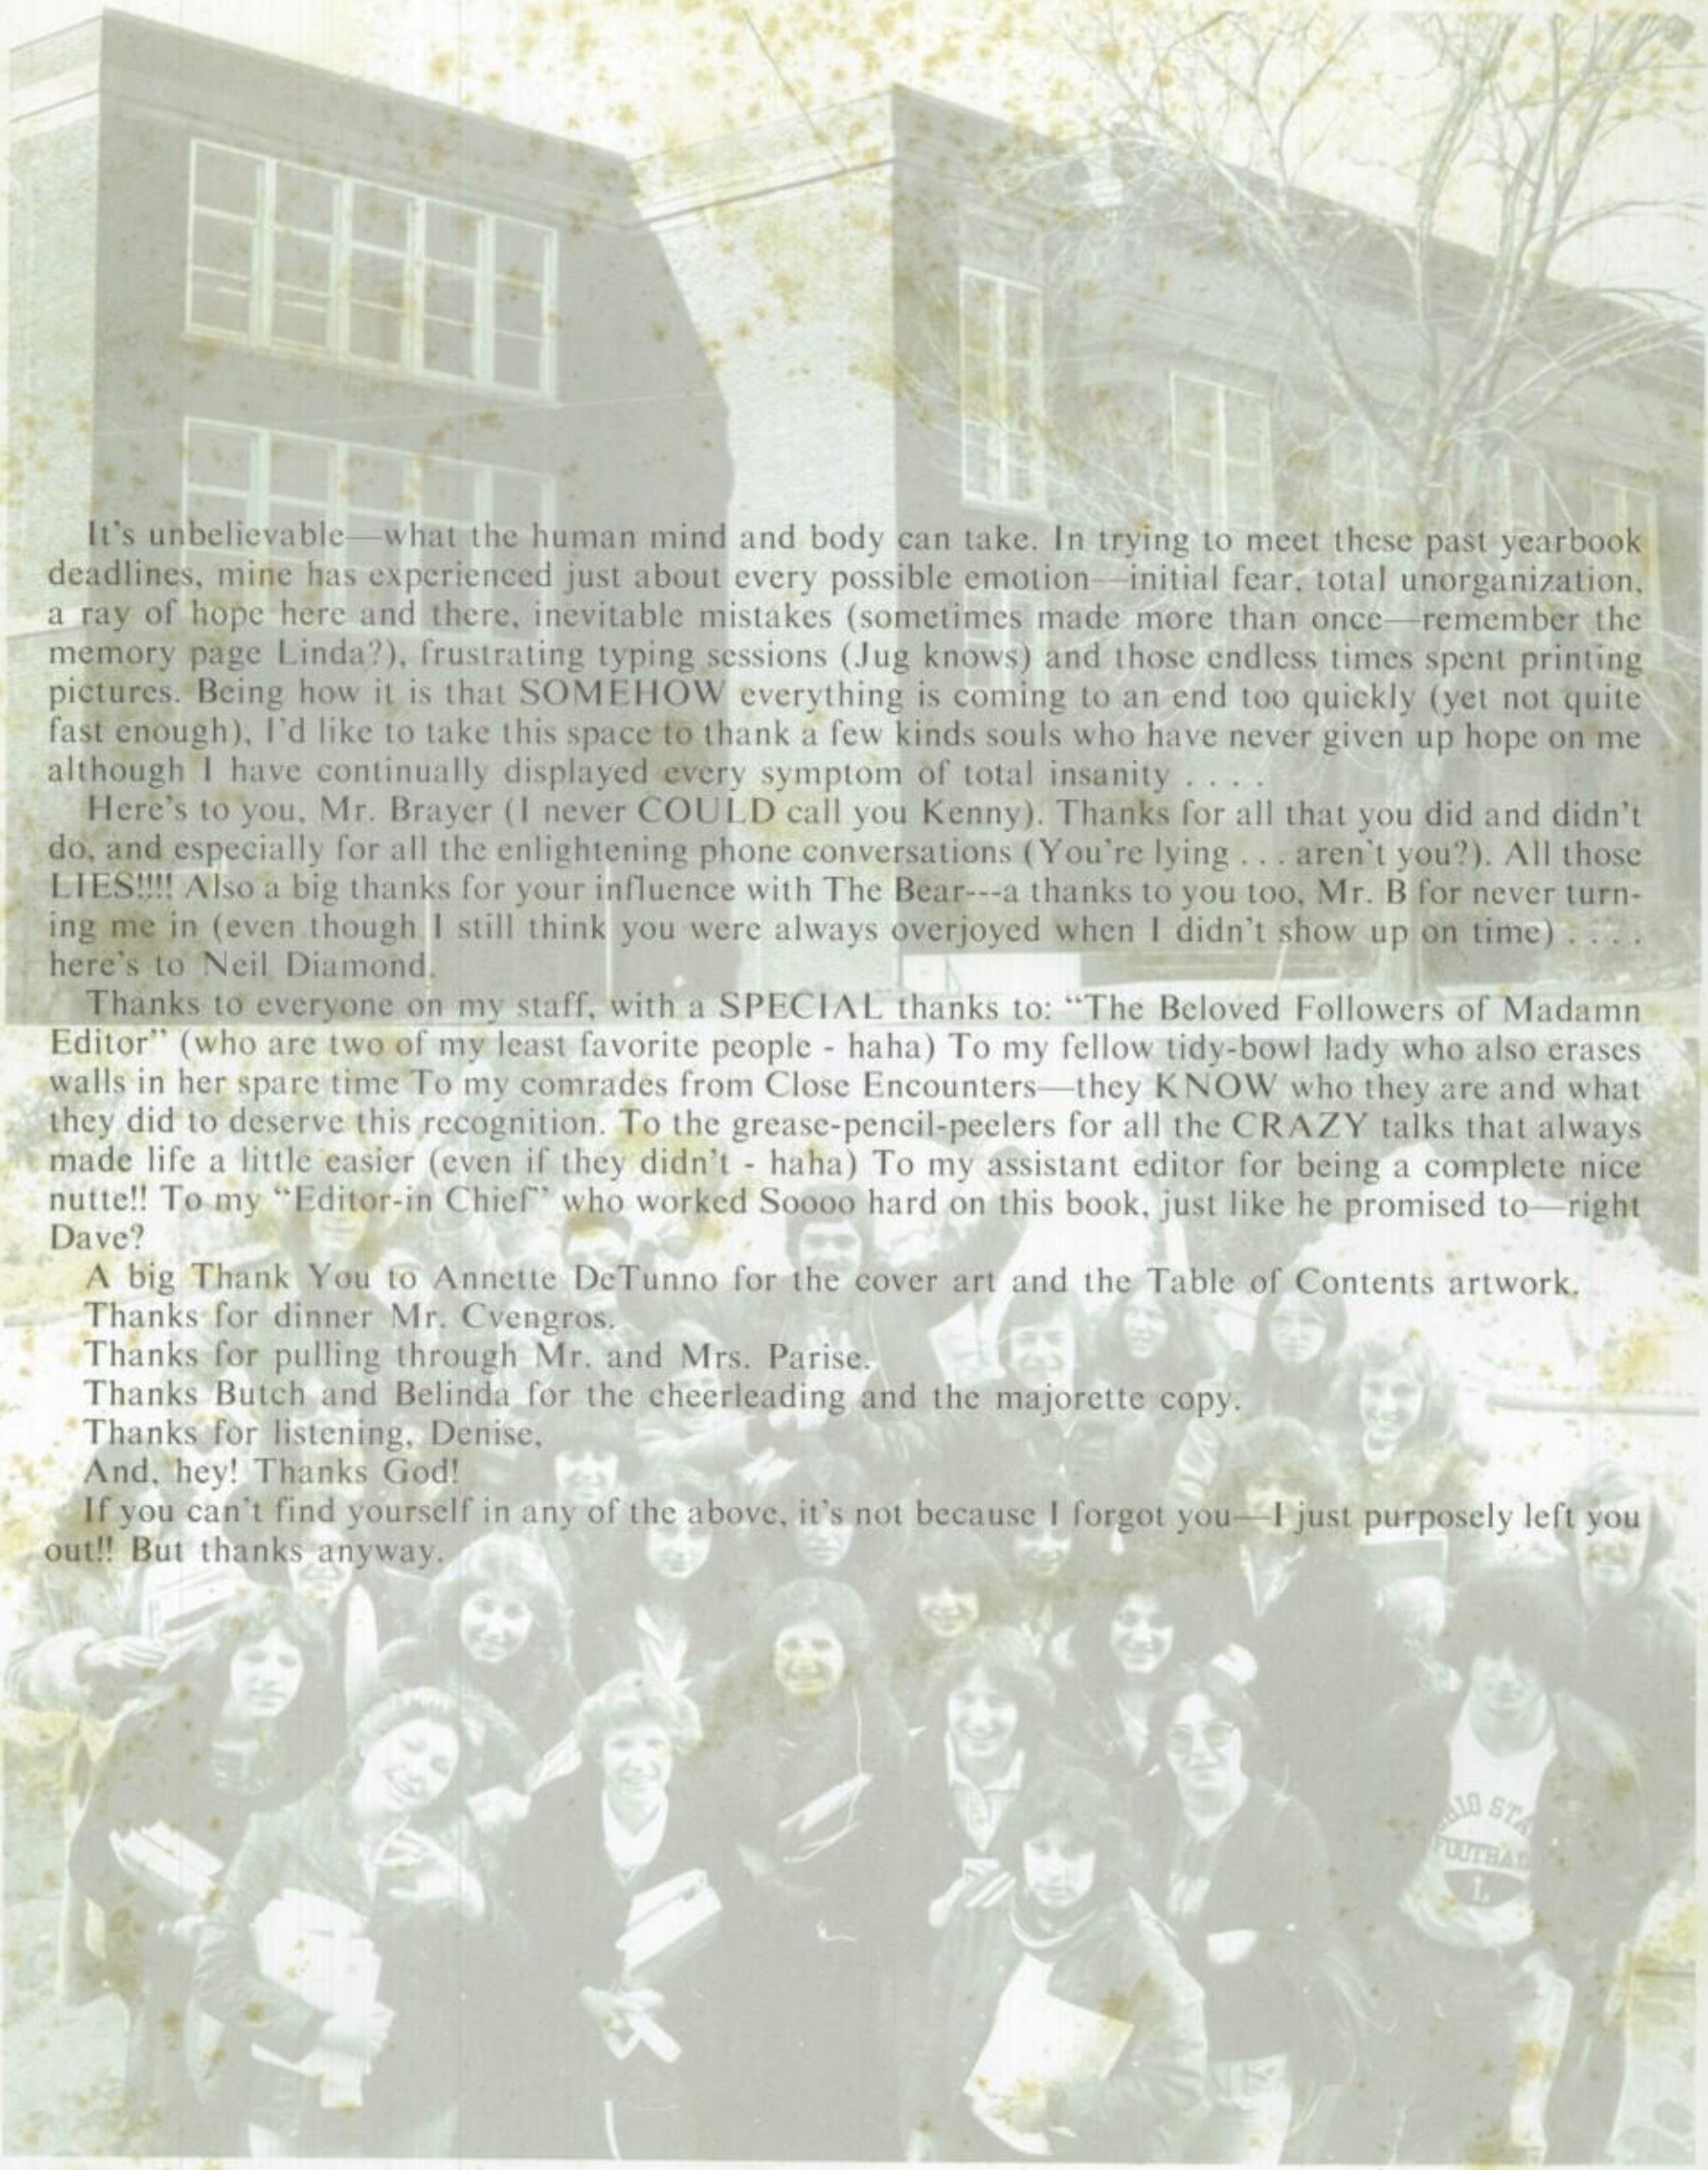
"THANK YOU"



It's unbelievable—what the human mind and body can take. In trying to meet these past yearbook deadlines, mine has experienced just about every possible emotion—initial fear, total unorganization, a ray of hope here and there, inevitable mistakes (sometimes made more than once—remember the memory page Linda?), frustrating typing sessions (Jug knows) and those endless times spent printing pictures. Being how it is that SOMEHOW everything is coming to an end too quickly (yet not quite fast enough), I'd like to take this space to thank a few kinds souls who have never given up hope on me although I have continually displayed every symptom of total insanity . . . .

Here's to you, Mr. Brayer (I never COULD call you Kenny). Thanks for all that you did and didn't do, and especially for all the enlightening phone conversations (You're lying . . . aren't you?). All those LIES!!!! Also a big thanks for your influence with The Bear---a thanks to you too, Mr. B for never turning me in (even though I still think you were always overjoyed when I didn't show up on time) . . . . here's to Neil Diamond.

Thanks to everyone on my staff, with a SPECIAL thanks to: "The Beloved Followers of Madamn Editor" (who are two of my least favorite people - haha) To my fellow tidy-bowl lady who also erases walls in her spare time To my comrades from Close Encounters—they KNOW who they are and what they did to deserve this recognition. To the grease-pencil-peelers for all the CRAZY talks that always made life a little easier (even if they didn't - haha) To my assistant editor for being a complete nice nutte!! To my "Editor-in Chief" who worked Soooo hard on this book, just like he promised to—right Dave?

A big Thank You to Annette DeTunno for the cover art and the Table of Contents artwork.

Thanks for dinner Mr. Cvengros.

Thanks for pulling through Mr. and Mrs. Parise.

Thanks Butch and Belinda for the cheerleading and the majorette copy.

Thanks for listening, Denise.

And, hey! Thanks God!

If you can't find yourself in any of the above, it's not because I forgot you—I just purposely left you out!! But thanks anyway.
